NOTE FOR THE DEPUTY DIRECTOR OF ADMINISTRATION

Bill,

You asked for my reactions to the Office of Communication's request for funding from the Reserve for Contingencies [redacted] 25X1
[redacted]. Although the problem [redacted] is clearly a 25X1
legitimate one that can only be resolved by the application of additional funding, in my opinion it does not meet the criteria for funding from the Reserve. 25X1

As you know, the purpose of the Reserve is to allow the Agency to respond quickly to unforeseen requirements and unique operational opportunities without the delays and potential danger of disclosure which could result from an overt, public supplemental appropriation request--the procedure used by other federal agencies when supplemental funding is needed.

It seems to me that the renovation of property held and maintained by the Agency since the early 1960's could not be presented to our committees as an occurrence that would be unexpected and beyond normal budgetary planning for facilities in tropical environments.

25X1

Daniel A. Childs, Jr.
